|--------------------------|--------------------------------------------------------------------------------------------|
| <b>Course Title</b>      | Generative AI for Sustainability Reporting                                                 |
| <b>Course Reference</b>  | C1311                                                                                      |
| <b>Training Provider</b> | Tertiary Infotech Academy Pte Ltd (UEN 201200696W)                                         |
| <b>Duration</b>          | 2 days · 15 instructional hours (16 scheduled hours excluding lunch, including tea breaks) |
| <b>Daily Timing</b>      | 9:30 am – 6:30 pm (1-hour lunch; two 15-minute tea breaks; 7.5 instructional hours)        |
| <b>Mode</b>              | Instructor-led, hands-on practical labs                                                    |
| <b>Trainer</b>           | Assigned Tertiary Infotech Academy Trainer                                                 |

## Learning Outcomes

On completion of this course, learners will be able to:

- LO1: Establish a responsible, evidence-controlled generative AI workflow and distinguish the purposes of GRI, SASB, TCFD and ISSB reporting guidance.
- LO2: Structure ESG source data, calculate and interpret selected emissions and intensity metrics, and perform transparent materiality and gap analysis.
- LO3: Draft readable, evidence-grounded sustainability disclosures and executive summaries, then validate claims, consistency and limitations.
- LO4: Map report content to applicable frameworks, maintain an assurance-ready audit trail, and design a governed recurring reporting workflow.

## Learning Reinforcement

- Every topic is followed by hands-on labs that learners complete on their own machine.
- Each lab ends with a 'Test it' verification step so learners can confirm their own progress.
- The trainer circulates during lab time to give individual feedback and unblock learners.
- Each topic closes with a recap mapped back to the course learning outcomes.

## Course Schedule

### Day 1 — Ground the AI workflow and turn ESG evidence into trustworthy metrics

| Time        | Duration | Topic / Activity                                                     |
|-------------|----------|----------------------------------------------------------------------|
| 9:30–9:45   | 15 min   | Welcome, course orientation and responsible-use ground rules         |
| 9:45–10:25  | 40 min   | <b>Topic 1 — Reporting purpose, AI roles and evidence boundaries</b> |
| 10:25–11:05 | 40 min   | Hands-on: Lab 1: Set the Reporting Boundary and AI Control Contract  |

| Time               | Duration | Topic / Activity                                                               |
|--------------------|----------|--------------------------------------------------------------------------------|
| 11:05–11:20        | 15 min   | Tea break                                                                      |
| <b>11:20–12:00</b> | 40 min   | <b>Topic 1 — Framework lenses, prompting and transparent AI use</b>            |
| 12:00–12:45        | 45 min   | Hands-on: Lab 2: Build the Framework and Materiality-Lens Register             |
| 12:45–13:00        | 15 min   | Topic 1 recap mapped to LO1                                                    |
| 13:00–14:00        | 60 min   | Lunch break                                                                    |
| <b>14:00–14:45</b> | 45 min   | <b>Topic 2 — Evidence registers, data dictionaries and collection controls</b> |
| 14:45–15:35        | 50 min   | Hands-on: Lab 3: Create the ESG Evidence Register and Data Dictionary          |
| 15:35–15:50        | 15 min   | Tea break                                                                      |
| <b>15:50–16:30</b> | 40 min   | <b>Topic 2 — Metrics, emissions, materiality, gaps and visual integrity</b>    |
| 16:30–17:25        | 55 min   | Hands-on: Lab 4: Calculate Scope 1, Scope 2 and Intensity Metrics              |
| 17:25–18:15        | 50 min   | Hands-on: Lab 5: Run Materiality, Gap and Visual Analysis                      |
| 18:15–18:30        | 15 min   | Day 1 integrated recap mapped to LO1 and LO2                                   |

*Total scheduled time: 480 minutes (8 hours) excluding lunch — of which 450 minutes (7.5 hours) are instructional, plus 30 minutes of tea breaks.*

## Day 2 — Turn verified evidence into framework-mapped, review-ready reporting

| Time               | Duration | Topic / Activity                                                            |
|--------------------|----------|-----------------------------------------------------------------------------|
| 9:30–9:45          | 15 min   | Day 1 retrieval practice and Day 2 reporting brief                          |
| <b>9:45–10:30</b>  | 45 min   | <b>Topic 3 — Evidence-led narrative and executive-summary logic</b>         |
| 10:30–11:30        | 60 min   | Hands-on: Lab 6: Draft and Validate an Evidence-Grounded Disclosure         |
| 11:30–11:45        | 15 min   | Tea break                                                                   |
| <b>11:45–12:30</b> | 45 min   | <b>Topic 3 — Structure, connected information, tone and readability</b>     |
| <b>12:30–13:00</b> | 30 min   | <b>Topic 3 — Claim-level fact-check and validation demonstration</b>        |
| 13:00–14:00        | 60 min   | Lunch break                                                                 |
| <b>14:00–14:45</b> | 45 min   | <b>Topic 4 — Framework crosswalks and current applicability</b>             |
| 14:45–15:40        | 55 min   | Hands-on: Lab 7: Build the Framework Crosswalk and Assurance Evidence Index |

| Time               | Duration | Topic / Activity                                                                        |
|--------------------|----------|-----------------------------------------------------------------------------------------|
| 15:40–15:55        | 15 min   | Tea break                                                                               |
| <b>15:55–16:40</b> | 45 min   | <b>Topic 4 — Assurance readiness, governance and change control</b>                     |
| 16:40–17:35        | 55 min   | Hands-on: Lab 8: Design the Recurring Reporting Workflow and Final Pack                 |
| <b>17:35–18:15</b> | 40 min   | <b>Topic 4 — Recurring workflow, Singapore applicability and continuous improvement</b> |
| 18:15–18:30        | 15 min   | Course integration, action plan and Q&A mapped to all outcomes                          |

*Total scheduled time: 480 minutes (8 hours) excluding lunch — of which 450 minutes (7.5 hours) are instructional, plus 30 minutes of tea breaks.*

## Lab Reference (aligned to course topics)

| Topic                                                                            | Coverage                 | Labs                |
|----------------------------------------------------------------------------------|--------------------------|---------------------|
| <b>Topic 01: Getting Started with Generative AI for Sustainability Reporting</b> | Day 1 morning · 2 labs   | Lab 1, Lab 2        |
| <b>Topic 02: AI for ESG Data Collection and Analysis</b>                         | Day 1 afternoon · 3 labs | Lab 3, Lab 4, Lab 5 |
| <b>Topic 03: AI for Drafting and Structuring Reports</b>                         | Day 2 morning · 1 lab    | Lab 6               |
| <b>Topic 04: AI for Compliance, Frameworks and Continuous Reporting</b>          | Day 2 afternoon · 2 labs | Lab 7, Lab 8        |
